Public Community Colleges

The 28 public community colleges in Michigan are individually profiled in this section. The community college provides a wide range of programs in order to meet the ever-increasing needs of the local community for educational opportunities beyond the high school level. By statute, however, a community college in Michigan may only offer course work leading to less than a baccalaureate degree.

The programs offered tend to fall into the following categories:

LIBERAL ARTS AND PROFESSIONAL PROGRAMS - Pre-professional training designed to provide transfer credit to four-year institutions. Dentistry, education, law, and medicine are just a few of the program areas.

VOCATIONAL-TECHNICAL PROGRAMS - Involves occupations in the fields of business, public service, technology, etc. An Associate of Arts degree or certificate is awarded upon completion of a program. Some transfer credits may apply to specific schools.

APPRENTICESHIP INSTRUCTION PROGRAMS - Are designed to meet the needs of local industry for related trade instruction. These programs are primarily available to students who are already employed in the sponsoring industry.

Public Community Colleges

1. Alpena Community College
2. Bay de Noc Community College
3. Delta College
4. Glen Oaks Community College
5. Gogebic Community College
6. Grand Rapids Community College
7. Henry Ford Community College
8. Jackson Community College
9. Kalamazoo Valley Community College
10. Kellogg Community College
11. Kirtland Community College
12. Lake Michigan College
13. Lansing Community College
14. Macomb Community College
15. Mid Michigan Community College
16. Monroe County Community College
17. Montcalm Community College
18. Mott Community College
19. Muskegon Community College
20. North Central Michigan College
21. Northwestern Michigan College
22. Oakland Community College
23. St. Clair County Community College
24. Schoolcraft College
25. Southwestern Michigan College
26. Washtenaw Community College
27. Wayne County Community College
28. West Shore Community College

Public Community Colleges

Public Universities

Michigan's 15 public four-year institutions are individually profiled in this section. Phone numbers, Web site addresses, and tuition information are provided. Program offerings at these comprehensive institutions can be divided as follows:

CERTIFICATE AND ASSOCIATE DEGREE PROGRAMS - Several of the universities provide less than baccalaureate degree programs for various occupations.

UNDERGRADUATE BACCALAUREATE PROGRAMS - This division includes all programs through which a baccalaureate degree can be earned.

GRADUATE-PROFESSIONAL PROGRAMS - These programs lead to post-baccalaureate degrees in the various professional disciplines.

1. Central Michigan University
2. Eastern Michigan University
3. Ferris State University
4. Grand Valley State University
5. Lake Superior State University
6. Michigan State University
7. Michigan Technological University
8. Northern Michigan University
9. Oakland University
10. Saginaw Valley State University
11. University of Michigan-Ann Arbor

Public Universities

Independent Colleges/Universities

There are many independent institutions in Michigan. Several of the schools have branch campuses which increases the total number of separate sites across the state. These institutions offer a wide variety of educational programs.

Programs offered at these institutions can be divided as follows:

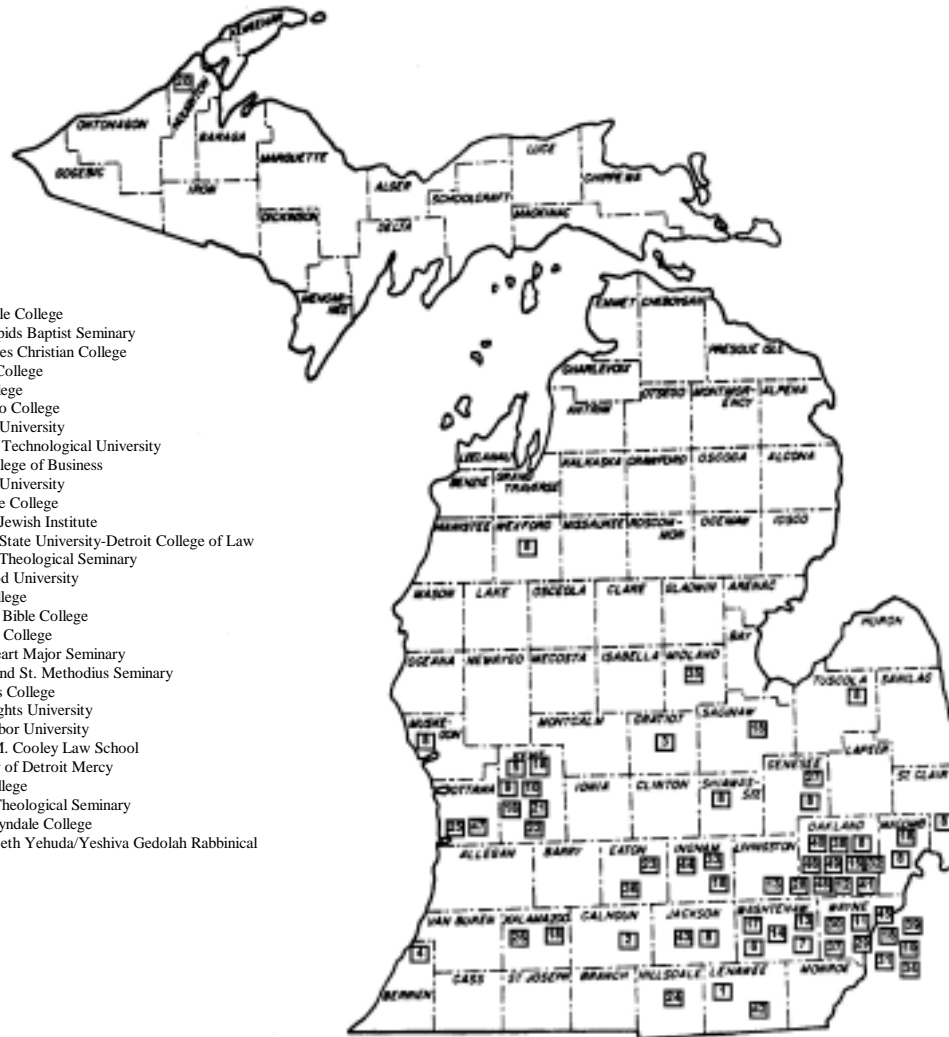

CERTIFICATE AND ASSOCIATE DEGREE PROGRAMS - Several of the colleges and universities provide less than baccalaureate degree programs for various occupations.

UNDERGRADUATE BACCALAUREATE PROGRAMS - This division includes all programs through which a baccalaureate degree can be earned.

GRADUATE-PROFESSIONAL PROGRAMS - These programs lead to post-baccalaureate degrees in the various professional disciplines.

Independent College/Universities

Vocational Schools

Licensed by the Department of Career Development

Introduction

In addition to the degree-granting colleges and universities which are authorized to operate in the State of Michigan, a wide range of private vocational schools are also available to Michigan students. Pursuant to Act 148, Public Acts of 1943, as amended, no person(s), firm, corporation or private organization may conduct a private trade school, business school or institute in Michigan without first obtaining a license from the State of Michigan. Private trade schools, often called proprietary schools, offer programs that train a person for a trade, occupation, or vocation. The credits earned at a proprietary school in Michigan ordinarily do not transfer to a degree-granting college or university.

It is not the policy of the State of Michigan to recommend or endorse any private trade school, business school or institute. The issuance of a license to a Michigan school simply indicates that the school has met the requirements of the law at the time the license was issued. Out-of-state schools can receive a certificate of compliance which entitles them to employ solicitors who enroll Michigan residents. A complete listing of Michigan schools with active licenses and out-of-state schools with authorization to solicit students in Michigan is found in the following section of this handbook. A complete contact address and telephone number is provided for each institution.

If you have questions about any of these schools, you may contact the Proprietary School Unit, Office of Postsecondary Services, Department of Career Development, P.O. Box 30714, Lansing, Michigan 48909, (517) 373-6774.

Vocational Schools

Occupational Programs

Licensed by Other State Agencies

Introduction

In addition to individual vocational schools that are licensed through the Michigan Department of Career Development, there are several other types of training programs that are licensed by other state agencies. Separate aeronautics, barber, cosmetology and nursing commissions or boards have been established to certify programs in their respective fields. Commercial vehicle training programs are licensed through the Department of State. Further information pertaining to these various programs can be obtained directly through the licensing agency involved.

AERONAUTICS SCHOOLS - Schools of Aeronautics teach flying and ground work relative to flying. They are inspected and licensed annually by the Michigan Department of Transportation, Bureau of Aeronautics, Capital City Airport, Lansing, Michigan 48906, (517) 335-9283.

BARBER SCHOOLS - Barber schools are licensed by the Michigan Department of Consumer and Industry Services, Board of Barber Examiners, P.O. Box 30018, Lansing, Michigan 48909, (517) 241-9201.

SCHOOLS OF COSMETOLOGY - Schools are licensed by the Michigan Department of Consumer and Industry Services, Board of Cosmetology, P.O. Box 30018, Lansing, Michigan 48909, (517) 241-9201.

COMMERCIAL VEHICLE TRAINING PROGRAMS - Driver training schools are licensed by the Michigan Department of State, 7064 Crowner Drive, Lansing, Michigan 48918-1601, (517) 322-1552.

NURSING PROGRAMS - Nursing programs are approved by the Michigan Board of Nursing, Michigan Department of Consumer and Industry Services, Office of Health Services, P.O. Box 30670, Lansing, Michigan 48909, (517) 373-4674.

All school information provided in this book is subject to institutional review and revision.

In addition to the private occupational schools covered in another section of this book, there are a variety of other occupational schools and programs that are licensed by other state agencies. These additional schools and programs are listed by category in this section.

Occupational Programs

Aeronautic Flight Schools

Schools of aeronautics teach courses of study related to aviation. Due to licensing procedures and policies, schools offering programs related to aviation fall into two categories, as follows:

DEGREE-GRANTING COLLEGES AND UNIVERSITIES that offer FAA approved flight training (ground and flight schools) and/or related mechanical programs are listed in the college section of this book.

VOCATIONAL SCHOOLS offering FAA approved flight training (ground and flight schools) are licensed by the Michigan Department of Transportation, Bureau of Aeronautics, which is located at Capital City Airport in Lansing, Michigan 48906, (517) 335-9283.

Following are the various pilot certificates and ratings offered by Michigan flight schools. The flight time requirements listed are minimums per Federal Aviation Regulations. Actual time (and cost) necessary to complete each certificate or rating may vary with flight school and individual.

Certificate or Rating	Minimum Flight Time Required	Approximate Cost
Private Pilot	40 Hours	\$3,000.00
Commercial Pilot	250 Hours	\$7,000.00
Instrument Rating	125 Hours (including 40 Hours instrument time)	\$3,500.00
Flight Instructor	No minimum specified	\$1,500.00

Barber Schools

Michigan barber schools are licensed by the Department of Consumer and Industry Services, Bureau of Occupational and Professional Regulation, Board of Barber Examiners, P.O. Box 30018, Lansing, Michigan 48909, (517) 241-9201. Upon successful completion of the required 2,000 hours at a barber school, the student is eligible for the barber examination and on passing the examination will be issued a barber license. Contact the board office for specific licensing requirements.

The Michigan Board of Barber Examiners will accept student hours out of state and a licensed barber out of state may receive a Michigan license without examination if their training and licensing was substantially equal to Michigan.

Undergraduate: No

Barber Schools

Cosmetology Schools

Cosmetology schools are licensed by the Michigan Board of Cosmetology to offer courses of study related to beauty culture. Each program listed provides the 1,500 hours of instruction required as a prerequisite for participation in the State Cosmetology Examination. Students successfully completing both the training program and the examination become licensed to practice in Michigan. Students completing beauty culture training programs in other states are reviewed on an individual basis by the Michigan Board of Cosmetology before licensure to practice in Michigan is allowed. Such students not demonstrating the equivalent of the 1,500-hour study program and examination prerequisites may be required to take additional course work to take the State Cosmetology Examination before being licensed to practice in Michigan.

Further information concerning cosmetology programs in Michigan may be obtained from the Board of Cosmetology, P.O. Box 30018, Lansing, Michigan 48909, (517) 241-9201.

Commercial Vehicle Training Programs

(Commercially Operated)

Michigan law requires all privately owned driver training schools (including truck [commercial vehicle] training programs) be licensed by the Department of State. Students enrolling in a commercial vehicle training program must be at least 18 and have an acceptable driving record. Vision, knowledge, and skills tests are required prior to issuance of a commercial driver license plus endorsements. For further information concerning driver training schools in Michigan, call or write to Michigan Department of State, Driver Training and Testing Division, P.O. Box 30640, Lansing, Michigan 48909-8104, (517) 241-6888.

The following schools have indicated they offer instruction in the operation of trucks (commercial vehicles). These schools are licensed in accordance with 1974 P369, as amended. All schools and instructor licenses expire on December 31st each calendar year.

Commercial Vehicle Training Programs

Nursing Education Programs

Two different types of nursing programs are offered in Michigan, both of which render the graduate eligible for R.N. licensure by the Board of Nursing. Baccalaureate/Bachelor of Science in Nursing (BSN) and Associate Degree in Nursing (ADN) programs are offered in conjunction with degree-granting schools. They offer a college degree in conjunction with preparation for R.N. licensure. Each college or university determines the transferability of hospital nursing school credits (diploma programs) into a degree program.

Practical Nurse programs are also offered at both degree and non-degree institutions. Practical Nurse programs offered at colleges and universities generally award credit toward a degree, as well as, prepare the student for L.P.N. licensure while Practical Nurse programs offered at non-degree institutions also prepare the student for L.P.N. licensure, the credits involved may, or may not, be accepted toward degree requirements by individual colleges or universities. Both types of programs award the graduate a certificate.

The Board of Nursing, Michigan Department of Consumer and Industry Services, Office of Health Services, P.O. Box 30670, Lansing, Michigan 48909, (517) 335-0918 has responsibility for approving all of the nursing programs outlined above. The Board of Nursing only approves programs that prepare students for initial licensure as either R.N. or L.P.N. Some colleges offer "R.N. completion" programs which award Nursing Baccalaureate Degrees to an existing R.N. Completion programs do not need to be approved by the board because the program only admits students who already have R.N. licensure.

Students successfully completing one of these approved programs must pass a state examination prior to actually receiving their R.N. or L.P.N. license. Out-of-state graduates, wishing to practice in Michigan, must apply to the Board for licensure. The procedures involved for the licensing of out-of-state personnel vary with the individual's program-of-study experience.

Further information concerning the various nursing education programs that are available can also be obtained through the Michigan League for Nursing, 29240 Buckingham Avenue, Suite II, Livonia, Michigan 48154.
